BrevetCard
Simple overview of how to use the app

Getting Started

Create your account with your email and a password. After logging in, ***update your profile*** with your name so others can recognize you.
Take a look at upcoming rides under ***Browse Brevets***. Here you'll see all publicly available events ready for you to explore.

Organizer assignes your Brevet

When your organizer registers your brevet, it will appear in your ***Registered Brevets*** list.
Review route details: distance, elevation, checkpoints, and time limits.

During the Event

When you ***reach a Control Point***, just ***open the app*** and it will automatically ***check you in***.
You can also see other participants who are riding the same brevet.

Finish Line

You've completed the brevet, congratulations!

After the Event

View your results: total time, control point times.
Check your result across participants.

Ready for the next one?

Find your next adventure and register again – and again! ***BrevetCard*** is here to make every event smoother.
